2021-2024**

# EKO Strategic Plan 2021-2024

## VISION

Children and youth with disabilities are living their best lives.

## PURPOSE

Working for children and youth with disabilities, their families, and for the care they need to live their best lives.

## BELIEFS & VALUES

We believe all children and youth with disabilities live their best lives when families are at the centre of care, when service providers collaborate and act upon evidence, and when public policy is in alignment. We act with integrity and value shared leadership, collaboration, and change that makes a real difference in the lives of families.

# EKO Strategic Plan 2021-2024

EKO will help its members, governments and other stakeholders better understand the experiences and priorities of kids with disabilities and their families so that they can better serve and support them.

EKO will help government better understand the value of responsive and innovative services and the policy and resourcing challenges facing in serving kids with disabilities and their families.

**Building capacity  
to support kids  
with disabilities  
and their families**

EKO will become an even more responsive, effective and properly-resourced organization in order to better engage and support a growing number of current and future members.

EKO will help a growing number of current and future members strengthen their capacity to respond to families, government policies, and changes in their overall operating environment.
